

Patriotic 3D Star

Materials

- Riverside® Construction Paper, Assorted Colors
- Scissors
- Glue

Steps:

1. Cut three large stars out of red construction paper.

2. Using the template as a reference, glue six white stripes, one blue field and three small, white stars to all three large stars, and let dry.

3. Once dry, fold each star inward in half and crease the edge. Glue the backs together to finish your 3D star!
